

# Heat Up Tile Sales!

## with SunTouch Heated Displays

**Plug these in and watch 'em heat up your tile sales!**

Floor heat must be felt to be understood. As soon as your customers place their hands on the warm tile, they'll want a warm floor for their home. And with our new Quick-Quote Form, you'll have a quote for them before they leave your showroom. Call us and we'll show you how.

Simply plug the displays into any 120-VAC outlet. The flat panel display comes complete with a cleat kit for easy wall hanging, or it can be slid into a wing-rack display. We recommend leaving the displays plugged in all the time since they only cost a penny or two a day to operate.

Literature and a small literature rack come with each display.

**Counter Display**  
**\$60.00**

Approx. 14"H x 12"W x 12"D

**Flat Panel Display**  
**\$80.00**

Approx. 24"H x 24"W x 1"D

### Mail in Your Request

Complete this form and fax it to SunTouch (417-831-4067) and we'll call you back to arrange payment and shipping.
